## **SOME TESTIMONIALS ABOUT OUR PRESCHOOL**

### **Windy Gabbert — 5 star**

The teachers at Calvary Lutheran Pre-K are highly qualified and incredible. They provide a loving and stimulating environment for children of all abilities. I have had two very different children go to preschool at Calvary Lutheran. Our experience with all of the teachers has been nothing short of excellent. When your children go to Calvary Lutheran, you will immediately feel like a part of larger family with the other children and parents. For many of us parents, it was the first time our little ones were not in our immediate care, so the "family" component just happens naturally. If you are looking for a place for your child to make new friends, learn, and have fun, all while under the direct supervision of the most caring and full of "heart" teachers, Calvary Lutheran Pre-K is an excellent choice.

Windy Gabbert sums it up best. I recommend this school to everyone i know. It is simply the best preschool in the area by far. For us, it was the perfect transition to time away from mom, learning to accept other grown-ups as authority figures, socialization with new kids, and academic education. A true preschool, not a daycare, it is a rare treasure of a find! All teachers are warm, nurturing, and understanding, as well as highly qualified for their positions. Both my kids loved their experience and their teachers. It is such a loving environment for kids and parents alike. I cannot say enough positive things about Calvary Lutheran. I loved all the opportunities that they provide- field trips, free play, academics, crafts, and the chance for parents to volunteer and be involved. I am sad to no longer be there every week with my little ones, as they are now in elementary school, but I am so thankful to have found Calvary in time for both my children to have had the pleasure of beginning their education there!

### **Melita Clary — 5 star**

Such a rich environment to play, to learn, to discover, and to teach! As a former teacher, I loved the fact that we could integrate many learning and sensory styles! The parent involvement is encouraged and phenomenal. I love our little PreKindergarten community.

### **Terina Thompson — 5 star**

Love this preschool! We have had the best experience here. It is a great stepping stone before Kindergarten.

### **Jennifer Weston — 5 star**

Awesome place for my 3 kids over a 5 year period. Love the teachers! Love the families!

### **Hailey Smith (former student)**

So many of the friendships I cherish today stemmed from the solid Christian foundation I gained in preschool.
